

BIHOR COUNTY

DX ARAD - ORADEA

The Arad – Oradea Expressway route will be 120.1 km long, with a four-lane profile. The project also provides for the connecting road with the city of Salonta, of 5 km, the connecting road with the city of Arad, of 3 km, and the connecting road with the border crossing point with Hungary (Salonta – Békéscsaba), of 9, 85 km. Thus, the total length of the road will be 138 km.

The total estimated value of the project, according to the feasibility study, is 2,14 billion Euro.

In November 2023, it is estimated that the tender for execution will be launched.

Link road Oradea Belt - A3

The road has a length of 19.07 km from the road and connects the belt of the Municipality of Oradea with Highway 3. The deadline for completion, according to the contract, is May 2024.

The value of the execution contract is 109 million Euro.

ORADEA CAMPUS

ORADEA CAMPUS is a project for dual education where students entering the 9th grade in the 2023-2024 school year can enroll and want to learn a job of the future, well-paid and highly sought after on the labor market.

The project is formed in the form of a Consortium with 18 members, namely two public authorities: Bihor County Council (project leader) and Oradea City Hall, five educational units, Oradea University and the Bihor County School Inspectorate, private companies and associations.

The fields that can be studied from this autumn are mechanics, construction, installations and public works, electromechanics, electronics and automation and industrial chemistry. In the Campus there will be functional laboratories, practical workshops for different specializations.

The project has a total value of 29,2 million Euro. Funding is provided by PNRR.

The metropolitan road ring

The metropolitan road ring will be 17 kilometers long and will have one lane in each direction.

Estimated value 40 million Euro. Funding is provided through the Anghel Saligny program.

ORADEA AIRPORT

Oradea airport has ongoing projects worth over 66 million euros: the extension of the runway by 420 meters (from 2,100 m to 2,520 m), the extension of the passenger terminal (the surface of which will increase 4 times compared to the previous situation) and the installation of a smart perimeter fence.

The projects are financed by European funds and must be completed by the end of 2023.

Transylvania Evolution is a private initiative dedicated to economic and social growth by developing solid business partnerships, offering tailored solutions to local and foreign investors, in synergy with local authorities. We are accelerating the long-term coherent consolidation and development of the Cluj Metropolitan Area and the Transylvania region.

Oradea - Großwardein - Nagyvárad - In the North-West of Romania, part of the Bihor county, Oradea is one of the cities with an impressive development on multiple fronts in recent years. Since 2008, Oradea has been considered a center of urban development, with regional and cross-border influence, a rising innovation hub, a major logistic and industrial center and not in the least, a city with representative art nouveau cultural heritage.
